

**Dear Scott Beigle and faith Radio Listeners,
Greetings in Jesus name,**

We hope that you are doing well.

We are doing well God is good.

We thank you very much for your love and concern to us and our people in Africa.

We thank you very much for the great investment you have put in the lives of thousands of our people over years through your generosity giving. May the Lord bless you abundantly.

2016 is a year for us to run the gospel in high speed compare to all the past years. We have been visiting more villages and preaching the gospel and planting new churches in villages where there were no churches before.

We are now in preparation for upcoming Village Pastors training. (VTC) 2016. The December training is one of the big events in the year for us.

This is the time we host servants of God and their spouses who are serving God in villages remote area in our country. These pastors are serving God in a very difficult environment and for most of them there are no one to encourage them neither support them in anyhow. Most of their denomination have abandon them and no one to take care of them.

Voice of Hope Ministries VHM is the Hand of God to encourage these pastors and touch their lives in a special way.

Every first week of December we bring together pastor and their spouses in one place for one week for a special training. This is a special week for life transformation for most pastors from different Conner of the country.

This year from **December 4th to 10th 2016**. We shall have this training camp for these pastors from different villages in all canners of our country and some of pastors from neighboring countries like Kenya, Uganda, Malawi and Mozambique.

People from these countries had heard good news of what God is doing in our ministry and have requested to send some of their pastors from their countries to come and learn things so as they may go back to their countries and train their fellow pastors and church leaders in their areas. Last year 2015 we had some pastors from these countries and they were so blessed in such away they have asked again to join us in this training this year too.

These photos were just some of the participants of VPT 2015. It was a great time for pastors from different denomination to seat together, eat together sleep together spending most of the time together without warring about their denomination differences.

In a normal circumstances pastors from different denominations don't like to associate with pastors from other denomination which is not belong to him or her. One of the objectives of this training camp is to break the spirit of division among the pastors and bring them together as brothers and sisters in the Lord without holding their denominational identity as the main key for their unity and interactions.

Some of the Major Topic will be Taught This Year:

1. The Vision of A leader
2. Challenges that a pastor faces and how to overcome them
3. Principles of Reaching out to Muslims.
4. Effective follow up from non-believer to matured Christian.
5. The Power of Prayer in the Life of a Pastor.
6. Biblical Counseling.
7. Biblical principles of Marriage and Family.
8. The secret of Giving.

It cost \$120 to cover all the expenses of one pastor to attend the training.
We need \$72,000 to be able to host and run the training for that one week for 600 pastors and their wives.

We challenged each pastor to raise \$40 out of \$120 to enable him/her to qualify to attend the training.

VHM has committed to raise \$80 to cover the amount needed for each pastor.

On behalf of VHM we are asking you to consider sponsor some of the pastors so as to enable them to attend this important training this year.

For this offering you will make a great impact to these dear pastors.

Their lives and the people they lead will never be the same again.

God bless you

In Christ

Peter and Patience Mitimungi and VHM Team
